18 MARCH 2020

Dear Bonanza Members and Guests,

Regarding the latest press release from the Zambian Ministry of Health, which details issues surrounding COVID-19, Bonanza Golf Course is taking precautions as per the guidelines set out. We wish to reassure you that our Member and Guests wellbeing and safety is our utmost priority, now and always.

How does COVID-19 affect golfers? According to Infectious Disease Specialist Dr Kelly Cawutt, "Being in a wide-open, outdoor space is the least at-risk scenario. Precaution is the name of the game. It's very reasonable to play if you are **smart about it and follow the proper guidance.**" While being on course presents low risks of infection, **pre and post round precautions are now ESSENTIAL and required.** We all need to be conscious of these precautions and make the necessary adjustments.

1. Mass public gatherings are prohibited, however due the fact that we have a maximum of 8 people per time slot (includes caddies) which are spaced 10 minutes apart, a round of golf continues as per normal with some general guidelines listed below. **HOWEVER** no prize giving ceremony's / gatherings are to take place after the round and the terrace table layout has been arranged to encourage social distancing.
2. Additional hand sanitation stations have been placed at reception, the pro shop, caddy area and restaurant areas. Further to this, all these areas are being sanitized at increased frequency.
3. Golf carts will be sanitized before and after each use
4. Rental sets will be sanitized before and after each use
5. Caddies are required to sanitize prior to taking any bag
6. Social distancing should be practiced, handshakes to be avoided
7. Leave the flag in the hole – that way it does not need to be touched
8. Keep hand sanitizer in your golf bag, use regularly
9. Bonanza staff and caddies are undergoing continuous training with regard to COVID-19, social distancing and health awareness.

Exercise is a great way to stay healthy and maintain a strong immune system, particularly out in sunshine and fresh air. Bonanza and its facilities can support you and we encourage you to make use of the facility.

The above said, we are operating in difficult and dynamic circumstances, we do expect things to change and will be clear and consistent with any updates received from the Ministry of Health. Bonanza will comply with all developing legislation, operational advice and best practice.

Kind regards,

Charles Jerrard

Bonanza Golf Course – Director of Golf
